SERVICE LETTER #2

Effective on all 7EC Champions

SUBJECT: Installation of Optional Electrical Equipment in 7EC  
Champions.

To facilitate installation of an electrical system (position lights, landing light, starter, generator, battery, ammeter,) in Champions which were not factory equipped, we have available drawing #7-1065. The wiring and parts, except switches, shown on the drawing are included in all 7EC Champions. However, 4-1000-70 landing light wire is missing in aircraft prior to serial number 350.

Installation of these items should be made from our drawing 7-1065 (Available from our Parts Department).
